

Dear Prospective Employer Partner,

The card is issued and registered by MKB Nyugdíjpénztárt és Egészségpénztárt Kiszolgáló Kft. as a subsidiary of MKB Bank Zrt.

About MKB SZÉP Card in brief:

The MKB Széchenyi Pihenő Kártya (MKB SZÉP Card) is similar to debit cards in appearance and in functioning. It is one of the forms of fringe benefits provided by employers.

The amount on the MKB Széchenyi Pihenő Card can be **spent** primarily **for accommodation in Hungary**.

Together with accommodation – only together with it, as an intermediated service – the card provides access to the following: restaurant services; other human health services; performing arts; museum activities, along with arboretum/zoo tickets as well as tickets to other cultural institutions; natural conservation areas, thematic and recreation parks; physical exercise services and services of racing and horseback riding stables.

In addition to **holidays in Hungary, spa admission tickets** and **open-air swimming complex services** may also be financed from all three sub-accounts as of 1 July 2013.

The use of the MKB Széchenyi Pihenő Card is quick, convenient and safe. The five payment methods (POS terminal, internet, phone, webshop, prepayment via the internet) provide an easy way for the cardholders to use their electronic vouchers to pay for services at the service providers (ranging from the smallest to the largest) involved in the system.
